

FUNDAMENTALS IN I3 INVESTIGATIONS

TWO DAY COURSE | £449.00 PLUS VAT PER DELEGATE

WHO IS THE COURSE FOR?

This course will take staff who work within Internet Intelligence & Investigation (I3) roles to a standard which will allow them to conduct research and gather intelligence and evidence against individuals or organisations who have a presence on the Internet.

Delegates will be trained in accessing the Internet without leaving a Law Enforcement 'footprint' and capture product safely in accordance with appropriate legislation.

The culmination of this training enables students to safely introduce this product into the Law Enforcement corporate memory.

Students undertaking courses provided by Sorinteq will earn credits towards formal qualifications such as Post Graduate Certificate, Diploma or MSc at the University of Warwick.

For further enquiries, please email info@sorinteq.com or call the Sorinteq on **+44 (0)333 0063248**.

To access this course, students must be both vetted and have a personal law enforcement/ Government e-mail address. Sorinteq provide all necessary training equipment, including laptop computers, wi-fi, thumb drives and training materials.
